## PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science Engineering student with hands-on experience building responsive and scalable web applications using HTML, CSS, JavaScript, and Python. Passionate about solving real-world problems through clean, efficient code. Certified in Python, Java, Cybersecurity, and Web Development. Seeking a software engineering role to contribute to impactful, large-scale products and grow within a world-class engineering culture.

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, Java, HTML5, CSS3

**Web Technologies:** Responsive Web Design, DOM Manipulation, RESTful APIs, CSS Flexbox & Grid

**Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools, Linux (Command Line)

**Concepts:** Object-Oriented Programming, Data Structures, Cybersecurity Fundamentals, Agile Development

**Soft Skills:** Problem Solving, Team Collaboration, Self-learning, Attention to Detail

## EDUCATION

**L.J. Institute of Engineering and Technology**

Ahmedabad, India

*Bachelor of Technology – Computer Science and Engineering*

*Aug 2022 – Aug 2025*

- Focused on software engineering, algorithms, data structures, and full-stack web development.
- Coursework: Data Structures & Algorithms, Operating Systems, Computer Networks, Database Management Systems, Software Engineering.

**Ranchhodlal Chhotalal Technical Institute**

Ahmedabad, India

*Diploma – Computer Engineering*

*Sep 2022 – Jun 2025*

- Gained foundational and applied knowledge in computer engineering, programming, and system design.

## PROJECTS

**Responsive Portfolio Website** | *HTML5, CSS3, JavaScript*

2024

- Designed and developed a fully responsive personal portfolio website showcasing projects and skills, achieving cross-browser compatibility and mobile-first design principles.
- Implemented smooth scroll animations, dynamic navigation, and optimized page load performance.

**Python Automation Scripts** | *Python*

2024

- Built a suite of Python automation scripts for file management, web scraping, and data processing tasks, reducing manual effort by automating repetitive workflows.
- Applied object-oriented design principles and error handling for robust, maintainable code.

**Interactive Web Application** | *HTML, CSS, JavaScript*

2023

- Developed an interactive front-end web application with dynamic content rendering and API integration.
- Applied UI/UX best practices to ensure an intuitive, accessible, and responsive user experience.

## CERTIFICATIONS

**Tata Cybersecurity Analyst Virtual Experience Program**

Tata Group / Forage

*Cybersecurity Fundamentals, Threat Analysis, IAM*

2024

**Python Course for Beginners – Mastering the Essentials**

Online Certification

*Core Python: variables, loops, functions, file I/O, OOP*

2023

**Java Course – Mastering the Fundamentals**

Online Certification

*OOP in Java, data structures, exception handling*

2023

**Introduction to HTML, CSS, & JavaScript**

Online Certification

*Front-end web development fundamentals*

2023

**Python Internship Certificate**

Industry Training

*Applied Python development in a professional environment*

2024

## ACHIEVEMENTS & ACTIVITIES

**Freelance Web Developer**

Self-Employed

*Delivered responsive, client-ready websites for small businesses and individuals*

2024 – Present

- Built and deployed multiple web projects meeting client specifications, deadlines, and quality standards.
- Managed client communication, requirements gathering, and iterative feedback cycles independently.
